# LET'S PLAY!

Our **high quality** of furniture excels into our children's offerings, where we offer a wide range of tables and seating. Any type of **space**, whether it is for libraries, a quiet nook, healthcare waiting rooms, schools or common spaces, can be filled with comfortable and reliable seating. We stand by our craftsmanship to bring you furniture that will last, and **create** fun-filled environments to inspire your next space. Our furniture with your imagination, can make **learning** and **playtime** areas a great place to just....be a **kid!**

## UPHOLSTERY

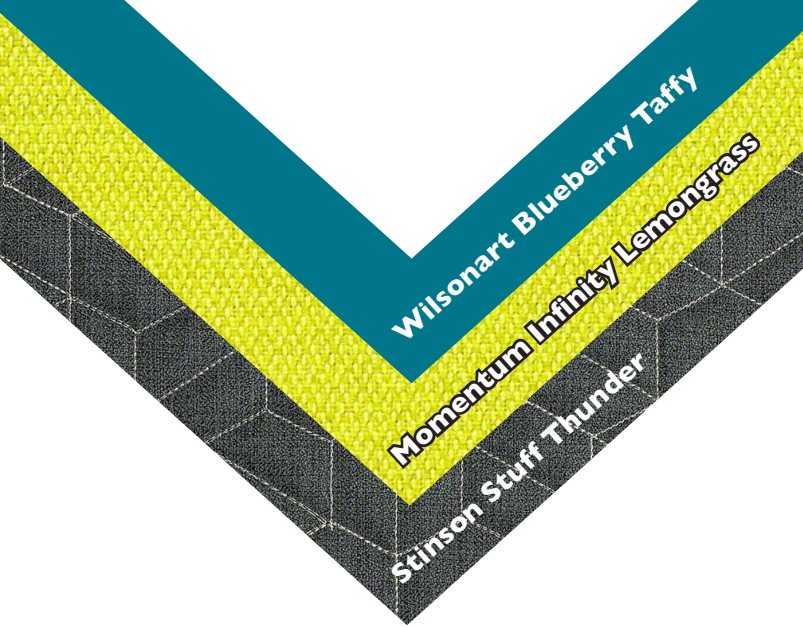

ERG is known for high level quality of upholstery, backed by decades of craftsmen and craftswomen in our factories. You will find an extreme attention to detail in our Children collections, offering diversity, including simple round and square ottomans, as well as fun shapes with pulls, tablets and casters. Among our breadth are also upholstered steps, straight and curved furniture with optional casters, allowing for fun mobility and engagement. Modular seating & tables also create dynamic configurations for learning and growing and adapting to any environment.

Shown here is our Mia collection that offers five shapes with three different heights at 7"H, 13"H and 17"H, with optional pull handles and casters for easy flexibility and comfort.

# TABLES

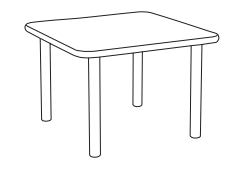

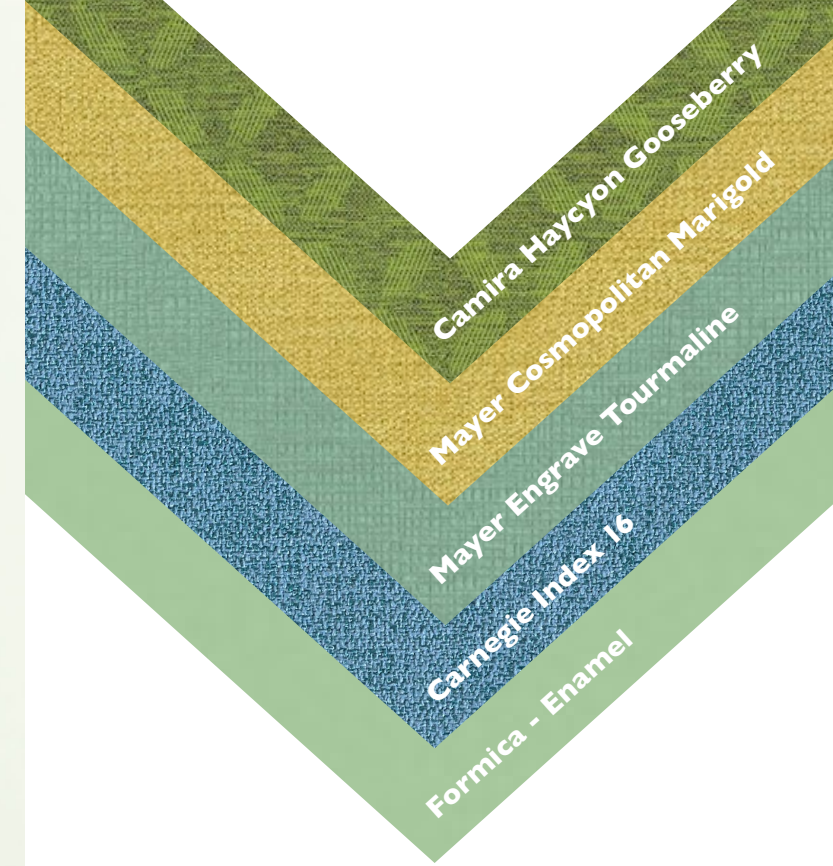

Not all tables are created equal. ERG's tables are not like others, where our tabletops are shipped with pre-installed metal inserts to attach the base to the top with four machine screws, not wood screws, creating the most durable top to base construction in the industry. Our Tabletop core material has no added urea formaldehyde. ERG gives you a truly complete one piece metal base, where the top plate, column and bottom base are assembled and welded together for you. ERG sandblasts all metal components including the bases which gives you the best powder coat paint adherence in our industry!

Highlighting our Mingle tables here, with adjustable pin-set legs and casters, it adapts from toddlers to small kids in a variety of configurations with six table top shapes available.

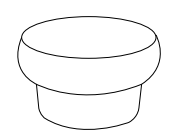

**One classroom, two configurations, using the same Mingle Tables!**
